

At First 4 Men, we know what MEN need, and we're dedicated to providing the best product combinations designed to work for you—the protectors.

Our Domestic Policy is crafted to meet the unique needs of men, offering coverage in a way that has never been done before.

Homeowners' Cover

- Protecting your home and outbuildings - because even your castle and legendary braai spot deserve a solid defense!

Household Contents Cover

- Protecting your possessions and valuables inside your home - because not all guests know the difference between "borrow" and "keep."

Personal All-Risk Cover

- Insurance cover for specified and unspecified all-risk items - because you never know when your phone, sunglasses, or favorite jacket will decide to go on an adventure without you!

Personal Accident Cover

- Protecting your home and outbuildings - because even your castle and legendary braai spot deserve a solid defense!

Watercraft Cover

- Protection for your jet skis, boats, and yachts - because even the best captains sometimes forget that docks don't have brakes!

Motor Cover

- Insurance for your private vehicles, including cars, LDVs, and motorcycles - because not everyone on the road got their license from a real driving school!

Personal Liability Cover

- Financial protection against legal claims for injury to others or damage to their property - Like when man's best friend isn't always friendly - because sometimes your dog's love comes with a side of 'bite first, ask questions later!'

When life bowls you a yorker and things don't go as planned...

Just relax, man. We've got you COVERED.

Short-term insurance made for men, with quality cover that's got your back.

First Men

First 4 Bikers

At First 4 Men, we offer a custom motorcycle product specifically for MEN. This coverage is available to all MEN, from the Founder to the Chaplain of the group.

Motorcycle Cover

All-Risk Cover

Comprehensive Motorcycle Policy Coverage:

- Comprehensive motorcycle insurance for all MEN – because sometimes your bike needs more protection than just a cool helmet!
- Protecting your bike gear and accessories - although we can't cover your bruised ego, your helmet and gear might need some extra protection!
- Personal accident cover for motorcycles protects you in case of death or disability from an accident. Your injuries might be temporary, but the love and support from your riding club after that wild stunt? That's a permanent reminder that you've got a family who's got your back!
